

# AUGNOO BRIAN

Fullstack Developer

+23057813565   augnoobrian@gmail.com   linkedin.com/in/brian-augnoo   mauritius

## PROJECTS

### Handmade

05/2025 - 06/2025   Mauritius

A social platform for digital artists to showcase the authenticity of their creations in the age of AI-generated content. Users can like, comment, follow their favorite artists, and exchange direct messages to foster genuine artistic connections. Integrated AI detection algorithms that estimate the percentage of AI-generated content {0-100%} to ensure transparency and trust.
